

Niagara Reinforcement Limited Partnership has applied to change its electricity transmission rates

Niagara Reinforcement Limited Partnership (NRLP) has applied to the Ontario Energy Board (OEB) for approval to change its electricity transmission rates effective, January 1, 2025. The application seeks an Order for approval of the following:

- Revenue requirement for the 2025 to 2029 period
- Inclusion of NRLP's approved rates revenue requirement in the OEB's determination of the 2025 to 2029 Network pool of the Uniform Transmission Rates
- The continuation of NRLP's current regulatory accounts
- Disposition of the Earnings Sharing Mechanism balance as part of its revenue requirement over a one-year period commencing January 1, 2025

If the application is approved as filed, the monthly bill of a typical residential and general service customer would see the following change effective January 1, 2025:

Residential (750 kWh)	\$(0.002) per month
General Service less than 50 kW (2,000 kWh)	\$(0.005) per month

Any change to the provincial transmission rate will be reflected on the delivery line of the electricity bill for all electricity customers in Ontario. It is important to review the application carefully to determine whether you may be affected by the proposed changes.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The applicant has applied for a written hearing. The OEB is considering this request. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenor. After the hearing, we will decide whether to approve the application.
